Sex Education in Iowa Public Schools Iowa Code § 279.50

Iowa law recognizes the role that schools can play in delivering age-appropriate sex education to students.

O Iowa law requires public schools to provide age-appropriate and research-based instruction in human growth and development. Required topics include human sexuality, self-esteem, stress management, interpersonal relationships, domestic abuse, HPV (Human Papilloma Virus) and the availability of a vaccine to prevent HPV, and HIV/AIDS in grades one through twelve.

O School districts must notify parents about the content of the human growth and development curriculum to be taught that year and how parents may review the materials prior to class. Parents who object may opt-out their children from the curriculum.
